

Information about upcoming ETS Exam

ETS is a standardized comprehensive test for Computer Science students. The Educational Testing Service (ETS) conducts these tests nationally.

THIS TEST IS MANDATORY FOR ALL CS-HONORS STUDENTS
IT IS REQUIRED FOR GRADUATION

These tests are conducted once a year.

This year it will be conducted on

4/14/09 at 5:15-7:15 p.m. and 4/15/08 at 2-4 p.m.

The CS department bears the cost of the exams.

All Honors CS students expected to graduate by December, 2009 should take the test in April. Other students may also take it.

Students who have taken this test before may take this exam again.

Taking the ETS Exam...

- Will help you understand where you stand among others in your University and others
- Will help you figure out the areas of your strengths and weaknesses
- You may want to include this in your resume to highlight your strengths
- Is good practice for the GRE, which is a requirement for many graduate schools

If you plan to take the test in April, 2009, PLEASE CONTACT THE COMPUTER SCIENCE DEPARTMENT TO SIGN UP.

Signup sheets will also be available in the upper level CS classes.
